

Draft Survey Questions:

Can community education through the deliverance of a Digital Media Technology ePortfolio, bridge the gap between the transitions of further education to employment, from a tutor and students perspective?

By using an online Resource Survey Tool called <http://kwiksurveys.com> I have created an online draft survey to generate my qualitative data as part of my action research proposal for the MSc in Applied eLearning. The survey is in draft process stage and it will be refined before being circulated to the students.

Note: This survey will be emailed to all the students who have volunteered to take part in the research proposal, with a link to the survey. On completion of the survey this will be entirely anonymous, and the data collected will be stored on my own personal P.C. with password protection.

Where you a Tutor delivering this Digital Media Technology Course?

	Chart Wizard
